January 29, 2026

Governor Ned Lamont  
210 Capitol Avenue  
Hartford, CT 06106

Governor Lamont,

Legislators worked hard during special session last fall to create a fund of \$500 million to address the effects of federal cuts on the most vulnerable people in Connecticut. As of now, over half of that money remains unspent. With the possibility of another federal shutdown on the horizon, and with vital, unmet needs being faced by those served by your state agencies, we ask that the remainder of that money be spent to provide robust funding for those agencies to do their critical, life-saving work.

The Greater Hartford Interfaith Action Alliance (GHIAA), comprised of 53 congregations, asks, with moral urgency **that what remains available be spent** on behalf of the unhoused who are exposed to these winter storms while facing shortages in needed shelter, immigrants who are being cut from the rolls for federal food and medical aid, and the rising population of Connecticut residents living at or near the poverty line. Ask your trusted commissioners what funds they need to save lives and **spend it** before the February 4<sup>th</sup> deadline.

Now is the time to be proactive in providing for the needs of Connecticut residents. In this time when states like ours are vulnerable to threats from a callous and hostile federal administration, our state can show a different way, a more compassionate and more just way. To do so, we must hold ourselves responsible for the care of those most at risk of harm.

You have been given the responsibility, and you have the power to spend this money. The clock is running out. Please don't miss this shot.

In truth and solidarity,

The Greater Hartford Interfaith Action Alliance Strategy Team,  
on behalf of GHIAA's 53 member congregations, listed below:
